TEGOLA – ACOUSTIC CARPET TILES

Tegola is a pioneering and unique acoustic carpet tile brand. Tegola was created with the idea and commitment to design and craft the most innovative acoustic carpet tile to improve indoor working environments where most of our time is spent. Less noise means a higher standard of working, and healthier working environments.

Swift Collection

Tegola+ Swift is a very contemporary organic carpet tile that is subtly textured. Swift is inspired by natural sand formations to create a textural and calm design suiting modern contemporary interiors with a subtle but flowing transitional feel.
